

[Sign in as different user](#)

[Log In](#)

To sign in as different user:

If you need to sign on as a different user once on the site, go to the name in the upper right of the screen and click the down arrow and the box below will display.

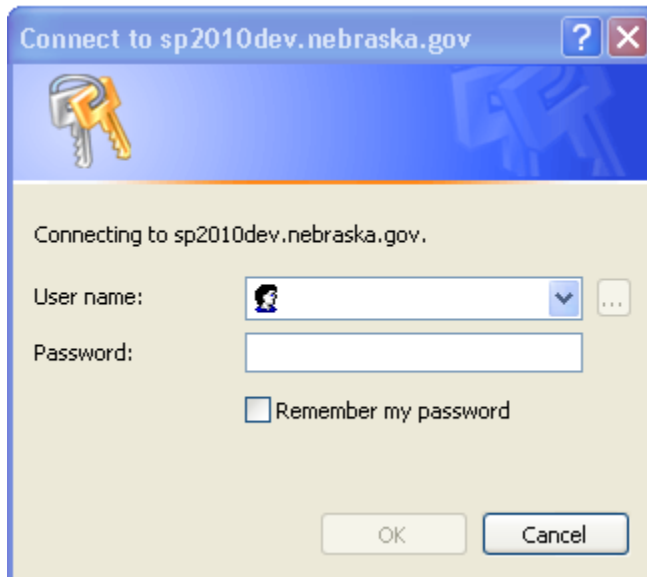

Click on "Sign in as Different User" and depending on the browser you use, you will see one of the log in boxes below. Type in STN\firstname.lastname for the User name (STN\ is important) and your Outlook password in the password box.

For example, Jill Smith would log in as, assuming her Outlook password is: I'm4SafePasswords

User Name: STN\jill.smith

Password: I'm4SafePasswords

Internet Explorer

Connect to sp2010dev.nebraska.gov

Connecting to sp2010dev.nebraska.gov.

User name: ...

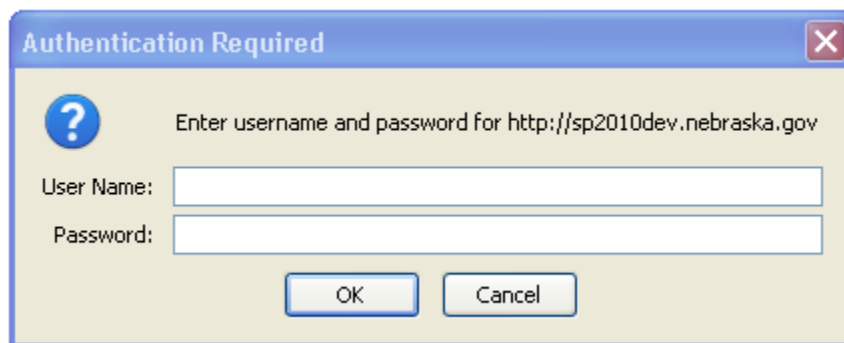

Password:

☐ Remember my password

OK Cancel

This is a screenshot of the 'Connect to' dialog box in Internet Explorer. The title bar says 'Connect to sp2010dev.nebraska.gov'. The main area shows 'Connecting to sp2010dev.nebraska.gov.' with a key icon. Below are fields for 'User name' (with a dropdown arrow and a small icon) and 'Password'. There is a checkbox for 'Remember my password' and 'OK' and 'Cancel' buttons at the bottom.

Firefox

Authentication Required

Enter username and password for http://sp2010dev.nebraska.gov

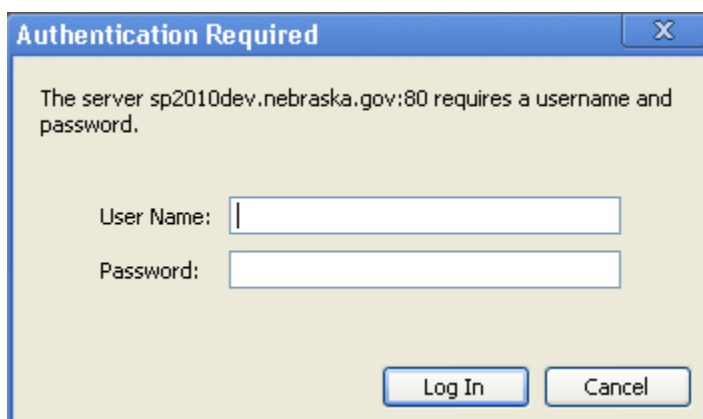

User Name:

Password:

OK Cancel

This is a screenshot of the 'Authentication Required' dialog box in Firefox. The title bar says 'Authentication Required'. The main area shows a question mark icon and the text 'Enter username and password for http://sp2010dev.nebraska.gov'. Below are fields for 'User Name' and 'Password'. There are 'OK' and 'Cancel' buttons at the bottom.

Chrome

Authentication Required

The server sp2010dev.nebraska.gov:80 requires a username and password.

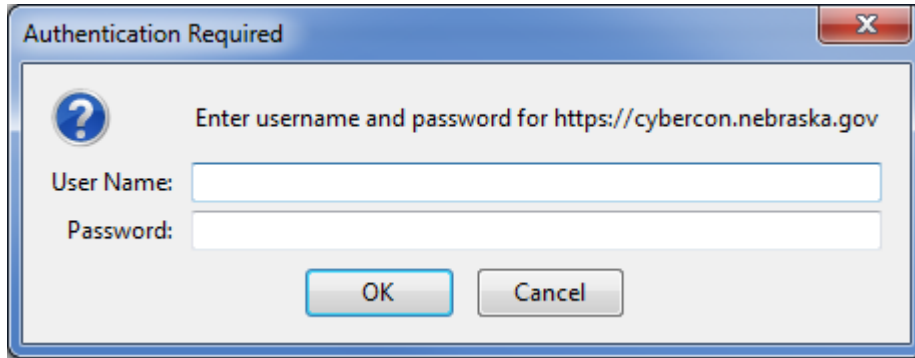

User Name:

Password:

Log In Cancel

This is a screenshot of the 'Authentication Required' dialog box in Chrome. The title bar says 'Authentication Required'. The main area shows the text 'The server sp2010dev.nebraska.gov:80 requires a username and password.' Below are fields for 'User Name' and 'Password'. There are 'Log In' and 'Cancel' buttons at the bottom.

Also, you may find that you are asked to log in when coming to the site. You may see something like the image below.

Type in STN\firstname.lastname for the User name (STN\ is important) and your Outlook password in the password box.

For example, Jill Smith would log in as, assuming her Outlook password is: I'm4SafePasswords

User Name: STN\jill.smith

Password: I'm4SafePasswords
